

Habitat Acquisition Trust

*Conserving habitat through
stewardship, education,
and land protection*

About Habitat Acquisition Trust

Established in 1996, Habitat Acquisition Trust (HAT) is a regional land trust that conserves nature on south Vancouver Island and the Gulf Islands.

HAT works with the local community to help care for important wildlife habitat for generations to come.

Join HAT today!

- Become a **Habitat Steward** for local wildlife in your own backyard
- Join our **HAT Volunteers** to restore and maintain natural areas in your community
- Leave a **Conservation Legacy** by protecting land for future generations
- Sign up as a **HAT member** to support conservation in our region
